<p><i>Plus! for Religious Congregations</i></p> <ul style="list-style-type: none">➤ Generalate Database➤ School tuition payments➤ Generalate Accounts	<p>These programs have developed from “tried and true” experience in managing the delicate tasks of General Secretary and Treasurer for apostolic works and international generalates.</p> <ul style="list-style-type: none">○ The “<i>Plus! Religious Database</i>” program offers an integrated approach to maintaining province, house and member’s information for historical and secretarial services. The program, developed in Microsoft Access, is flexible, open-ended and easy to learn, but complete in its approach to all the dimensions of the religious life. (Transfers, formation, Address updates, etc.)○ “<i>Plus! Accounts</i>” allows various funds and accounts (community vs. school, Founders’ Fund vs. General Council Account, etc.) to reside together in a flexible but efficient accounting program that offers full reporting features (monthly, six-month or open period reports for individual funds or for the entire community.)○ “School Payments” facilitates with a simple mechanism the often tedious work of recording individual tuition payments with the double necessity of reporting daily receipts to the general accounts program.
<p><i>Plus! Office Companions</i></p> <ul style="list-style-type: none">➤ Protocol registry system➤ Task Manager➤ Codice Fiscale➤ “My Months” notepad	<p>Well-contained, clear programs which assist the management of specific areas of everyday office administration.</p> <ul style="list-style-type: none">○ “<i>Task Manager</i>” networks and monitors job order requests as they are indicated by various departments.○ “<i>Protocol Registry</i>” creates an automatic numbering system for all incoming and outgoing communications.
<p><i>Plus! SanGest Health System</i></p> <ul style="list-style-type: none">➤ SanGest Doctor’s Office➤ SanGest Nursing Home➤ SanGest Clinic	<p>These modular programs offer a complete and secure approach to patient and billing information with an array of tested functions and services in harmony with the requirements of the health-care field.</p> <ul style="list-style-type: none">○ “<i>SanGest Clinic</i>” represents the epitome of this series of programs, with modular components for Admissions, Laboratory, Radiology, Nurse’s station, Operating Room, Pharmacy, and full administrative billing programs in a full network system.
